

WA-I- 516      Commercial Building

Mid-20th century

Hagerstown Vicinity

Private

Commercial Building is a long rectangular building with a full porch across the front of it. It is a frame structure on a concrete block foundation with a gable roof that angles out both in the front and in the back. It appears that the property contains a residence in one section and a commercial function for a shop in the other section. The northermost gable end has a partial formstone wall running the height of these feet along the bottom of the structure.

Prepare both a summary paragraph and a general description of the resource and its various elements as it exists today.

Commercial building is a long rectangular building with a full porch across the front of it. It is a frame structure on a concrete block foundation with a gable roof that angles out both in the front and in the back. It appears that the property contains a residence in one section and a commercial function for a shop in the other section. The northernmost gable end has a partial formstone wall running the height of these feet along the bottom of the structure.

It is located on the west side of Rt. 65, .2 mile south of the intersection with I-70.

The building is one-story high and six bays by two bays in a rectangular shape. Entrances are located both in the front of the property two lo- and a large entrance in the commercial end of the property. The structure appears to have been built in the mid-20th century.
